

## **APPENDIX D: DEBT TRANSACTIONS**

The Commonwealth holds a stock of around \$3.8 billion in loans advanced to the States. The States make interest payments and repayments to the Commonwealth in respect of these loans.

The Commonwealth advances the States loans under a range of agreements. These advances have often been over very long repayment periods (some in excess of 50 years), although the terms of each agreement vary considerably.

Most of the interest payments and repayments relate to housing and infrastructure. Payments are also made against loans under agreements for natural disasters, asbestos removal and other purposes administered by various Commonwealth agencies.

Total advances, repayments and interest from the States to the Commonwealth are shown in Table D.1.
